SIT BACK AND TAKE A LOOK AT IT. YOUR NEW FAX, THE OLIVETTI FAX-LAB 450. YOU'LL BE IMPRESSED STRAIGHTAWAY BY ITS SMOOTH LINES. NOW TRY IT OUT: YOU'LL FIND IT HAS EVERYTHING YOU NEED TO BE THE IDEAL COMPANION IN YOUR OFFICE OR SMALL BUSINESS. TO START WITH, IT GUARANTEES TOP-QUALITY PRINTING WITH OLIVETTI'S INDUSTRY-LEADING INK-JET TECHNOLOGY.

IT ALSO DELIVERS SUPERIOR SPEED AND VERSATILITY. AND AS FAR AS MEMORY, PAPER TRAY AND DOCUMENT FEED ARE CONCERNED, IT RANKS WITH ANY PROFESSIONAL MACHINE. THE OLIVETTI FAX-LAB 450. AN EFFICIENT WORK TOOL THAT ALSO ENHANCES THE LOOK OF YOUR OFFICE.

FAX-LAB 450

ergonomic dedicated speed dial keys and a 2-line x 16-character display

100-sheet paper tray and 20-page feed

SPEED AND QUALITY

The Olivetti Fax-Lab 450 is the ideal fax system when you want office efficiency without sacrificing style. Its sophisticated design blends perfectly in any environment, even the most hi-tech workplace.

The Olivetti Fax-Lab 450 is quick and easy to use. Its ergonomic keys and one-touch dialing for frequently used numbers with eight special keys on the separate keypad keep operations simple and intuitive. Hands-free conversation is an added bonus. The 14,400 bps modem sends a page in just 7 seconds and is supported by a memory that can store up to 50 pages.

Speed also means less time spent loading paper, which is why the Fax-Lab 450 provides a 20-page document feed and a 100-sheet paper tray, for maximum autonomy.

SUPERIOR PERFORMANCE

The Olivetti Fax-Lab 450 is a professional fax with full telephone functions, including caller ID and connection to an external answerphone. You can even make a "black list" of 10 numbers you don't want to receive fax from, a useful feature to avoid wasting paper printing out junk messages.

Broadcasting from memory is another function that enhances the versatility of the Fax-Lab 450; with just one command, the system sends a document to 10 numbers, in real time or deferred mode. The Olivetti Fax-Lab 450 is also a handy copier, with a speed of 2 pages per minute.

All procedures are visualised clearly on the broad 2-line x 16-character display.

THE SHAPE OF PRIVACY

Olivetti's ink-jet technology provides high-quality printing on a wide range of papers, including recycled paper, with no harmful emissions and minimal energy consumption.

Unlike thermal transfer fax machines, the Olivetti Fax-Lab 450 guarantees security and confidentiality, because the ink-jet printhead retains no trace of incoming or copied documents.

The Fax-Lab 450: good-looking, professional and discreet.
