A JOB DONE WELL, ELEGANTLY AND SKILLFULLY IS A SIGN OF YOUR PROFESSIONALISM, A CREDIT TO THE PERSON DOING THE JOB, CERTAINLY, BUT ALSO TO THE TOOLS CHOSEN.

OLIVETTI d-COPIA 120 AND 150 COPIERS ARE TRUSTED PARTNERS, IDEAL TO COMPLETE AND SUPPLEMENT YOUR OFFICE MACHINERY.

NOT ONLY BECAUSE THEY ARE MULTIFUNCTIONAL LASER TECHNOLOGY PRODUCTS WITH COLOR SCANNING, BUT ALSO BECAUSE THEY ARE EQUIPPED WITH INNOVATIVE DOCUMENT HANDLING SOFTWARE THAT LETS YOU SCAN AND FILE DOCUMENTS, TO CONSULT THEM ANY TIME IN THE FUTURE.

MOREOVER, THE OLIVETTI d-COPIA 120 AND 150 COPIERS HAVE A SPECIAL FEATURE IN COMMON: WAM-UP TIME OF ZERO SECONDS, WHICH MEANS THAT THE COPIER IS READY TO USE THE MOMENT YOU TURN IT ON. ONE OF A KIND.

extreme ease in connection and printing thanks to the parallel and USB ports

TWO NUMBERS AND TWO SOLUTIONS

The Olivetti d-Copia 120 and d-Copia 150 are multifunctional laser copiers with plenty of class: both combine copying, printing and scanning features, the latter in color, becoming excellent digital devices.

How they handle your documents is the difference: in fact, the d-Copia 120 comes with an original cover while the d-Copia 150 features an automatic 30-sheet document feeder.

The other difference is the speed of copying: 12 and 15 copies a minute, respectively.

HIGH PERFORMANCE CAPABILITY

You need to do a good job in the fastest possible time if you want to maintain high production capacity in your office: Olivetti d-Copia 120 and 150 both provide all the features you need for best performance, in simplicity.

The logical and clear control panel makes your work easier; you can select from among several functions with utmost convenience. Moreover, the user can replace toner and drum cartridges, easily and without mess.

Scanning a document becomes child's play, at the touch of a button, and you'll never have to wait to make your copying or scanning because both machines have a zero-second warm-up time.

Finally, with the d-Copia 150 model, you

can scan several documents at once, thanks to the automatic document feeder.

DIGITAL: A NOTE IN HARMONY

The Olivetti d-Copia 120 and 150 copiers can handle your documents, while looking after all the details.

Their reliable laser engine gives 600 dpi resolution in printing and copying, and 600x1200 dpi resolution (9600 with interpolation) in color scanning, ensuring the highest fidelity of digitalization of all printed documents.

Digital also means less wear and tear on the machine because, with its Scan Once Print Many (SOPM) feature, the machine reads your original is read just once to make several copies.

THE SCORE IS SAVED

How long have you been waiting to reorganize your personal files? Well, just think, you can scan all the documents you need with the scanner feature: at this point the Olivetti Desktop Document Manager software leaps into action, enabling you to create folders, organize your files, handle texts with OCR software to modify or update whenever necessary.

A veritable digital archive where nothing will be lost and which will leave your desk free of all that bulky paperwork.

You can extract any texts and images you need from the archives, to quickly, professionally and economically produce a new copy or a new digital document.
