

The new sound  
is all digital.

**OLIVETTI d-COPIA 200  
DIGITAL COPIER**

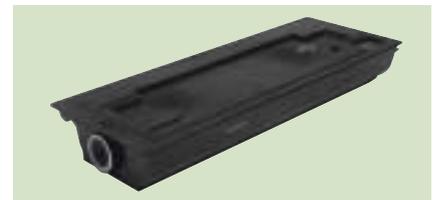

**olivetti**

ARE YOU TIRED OF THE SAME OLD BEAT? READY TO MOVE INTO AN EXCITING NEW DIMENSION? THE OLIVETTI d-COPIA 200 PROVIDES ALL THE TECHNOLOGY AND CAPABILITIES TO TAKE YOU INTO THE WORLD OF DIGITAL COPIERS. IT STARTS WITH 20 COPIES PER MINUTE, EACH ONE AS PERFECT AS THE ONE BEFORE; THEN IT ADDS A LONG-LIFE TONER AND DRUM; AND TOPS IT ALL WITH AN INEXHAUSTIBLE STOCK OF PAPER, UP TO 1250 CUT SHEETS. WITH ALL THESE FEATURES, THE OLIVETTI d-COPIA 200 IS CERTAINLY THE IDEAL SOLUTION FOR DEMANDING USERS. AT THE SAME TIME, IT IS A PRACTICAL, HIGH-PERFORMANCE TOOL FOR THE NEEDS OF THE SMALL OFFICE. SO ARE YOU READY TO CHANGE SOUND?

## d-COPIA 200

practical control panel with icons, for intuitive operation

long-life mono-component toner for low running costs

### THE DIGITAL CHOICE: MUSIC FOR THE OFFICE

The Olivetti d-Copia 200 offers all the advantages of latest-generation digital printing, delivering significant results where quality and savings are concerned. Unlike analogue machines, which have to read the original document for each copy, the Olivetti d-Copia 200 uses its digital technology to memorise the original and then print out as many copies as you need, each one identical to the one before.

The d-Copia 200 also comes with an innovative mono-component cartridge for up to 15,000 copies, and so easy to install that you can replace it yourself.

The drum is another long-life accessory, with a capacity of up to 150,000 copies. With its advanced digital technology, the Olivetti d-Copia 200 keeps maintenance to a minimum.

### A SCORE ON A GRAND SCALE

The Olivetti d-Copia 200 is a digital copier on a grand scale.

Printing quality is guaranteed by a 600x600 dpi resolution and a 256-level greyscale, for sharp, bright printing. The work rhythm is ensured by the copier memory, a standard 32 MB which can be expanded to 160 MB. Printing speed

is guaranteed by an output of 20 copies per minute and a warm-up time of just 20 seconds, with the first copy in 5.9 seconds. The Olivetti d-Copia 200 also handles all paper formats from A6 to A3. Attention to the environment is important too: a good 80% of this machine is built from recyclable material, and assembly and consumption are both compliant with the most stringent European regulations.

### MORE PAPER, A FASTER TEMPO

The Olivetti d-Copia 200 sets a new beat in the workplace with its inexhaustible supply of paper: the standard configuration comes with a 300-sheet tray and 50-sheet bypass, while the 3 optional paper trays boost capacity to 1,250 sheets.

With all this paper, the d-Copia 200 is the ideal choice for multi-user environments, and the perfect answer for small-medium offices.

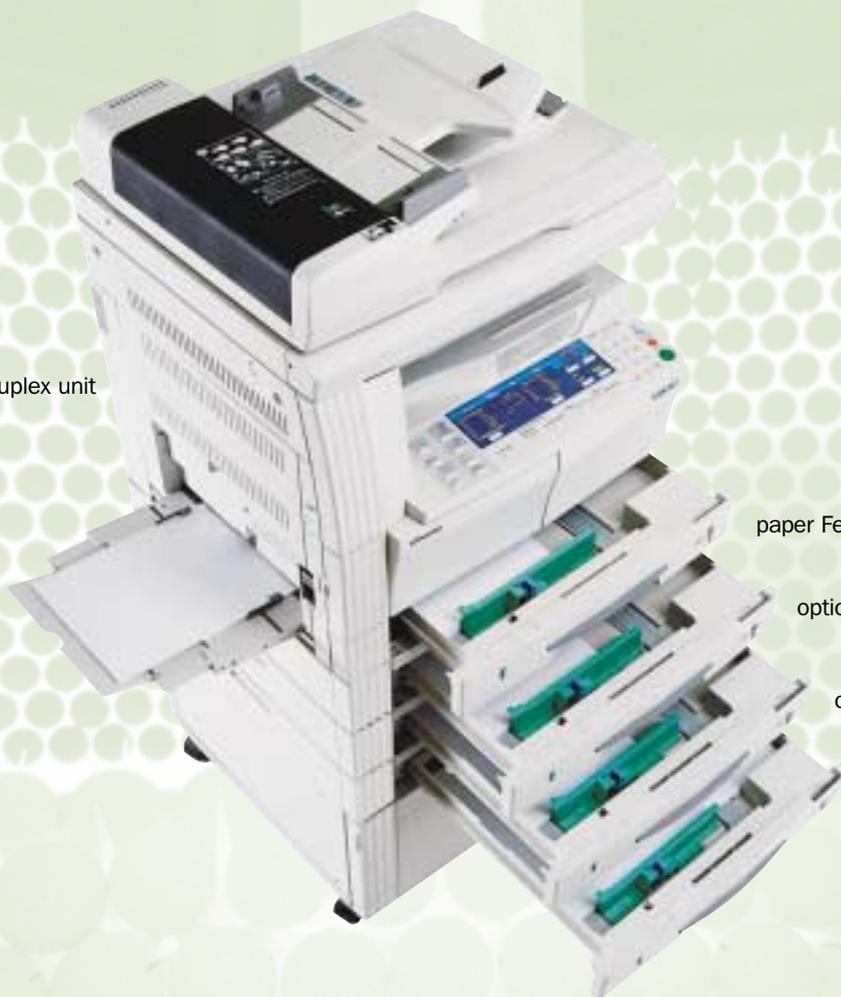

So users who want to replace their old analogue equipment and make a professional entry into the digital world need look no further.

50-sheet automatic document feed (DP-410) and 32-160 MB memory

low operator panel for use from a seated position

optional trays for superior paper availability, up to 1,250 cut sheets

optional duplex unit (DU-410)

paper Feeder
